

PROFESSIONAL MASTER IN "LAW"

LEARNING OUTCOMES

Upon successful completion of the study program students will be able to:

- Build specialist legal skills in their area of professional practice.
- Think critically, strategically and creatively, including an ability to identify and articulate complex legal issues.
- Demonstrate specialized legal and technical knowledge of laws relating to national and international legal framework.
- Handle common tasks in the administration of courts, prosecution offices and other institutions.

PROFILE: ADMINISTRATIVE LAW

- Analyse the principles of functioning of public administration bodies.
- Acquire knowledge on the forms of activity and control of administrative bodies as well as on the manner and types of expression of their administrative will.
- Acquire general knowledge of the administrative act, its features, the administrative contract, as well as innovations related to administrative justice and the settlement of administrative disputes.
